Subject: Resolution 2024-06 Mandated Fire Inspection Compliance

BOARD OF DIRECTOR'S BRIEFING PAPER

ISSUE:

The Fresno County Fire Protection District (District), in accordance with the California Health and Safety Code §13146.4 and Senate Bill 1205, shall report annually to the administering authority (Fire District Board of Directors) regarding compliance of State Mandated Fire Inspections required by California Health and Safety Code §13146.2 and §13146.3.

BACKGROUND:

The California Health and Safety Code §13146.4 was amended and became effective into law on September 27, 2018. In addition to Senate Bill 1205, this section was created in response to numerous inquiries by the state legislature regarding the 2016 "Ghost Ship Fire" that occurred in the city of Oakland. The fire occurred in a warehouse that was illegally converted into a housing complex. As a direct result of the fire, 36 people were killed.

DISCUSSION:

The District has opted to enforce building standards and other regulations adopted by the State Fire Marshal. These mandated fire inspections include: HSC §13146.1 (Jails and Detention Centers), HSC §13146.2 (Apartments, Hotels, and Motels), and HSC §13146.3 (Public and Private Schools). HSC §13146.4 requires the District to accept a report of compliance via resolution or other similar method.

ALTERNATIVES:

As an alternative, The Fresno County Fire District may relinquish the enforcement of these inspections to the Office of the State Fire Marshal. The State Fire Marshal may charge and collect a fee for the inspection from the owner of the structure. The State Fire Marshal may also charge and collect a fee from the owner of the structure for related fire and life safety activities such as: plan review, construction consulting, fire watch, and investigation. Any fee collected pursuant to subdivision (b) §17921 shall be in an amount, as determined by the State Fire Marshal, sufficient to pay the costs of that inspection or those related fire and life safety activities.

IMPACTS *(Consider potential consequences related to each of the following areas of concern for proposed alternatives):*

- Fiscal - No generation of revenue from the Protection and Planning Bureau for conducting these inspections.
- Operational – Negative effect to the Protection and Planning Bureau operational workload.
- Legal - No Known Impact.
- Labor - No Known Impact.
- Sociopolitical – The Fire District has had positive professional development with all of the cities and unincorporated areas in our jurisdiction.
- Policy - No Known Impact.
- Health and safety - Target hazards at each facility may not be communicated to personnel on duty, affecting engine crew safety.
- Environmental - No Known Impact.
- Interagency - No Known Impact.

RECOMMENDATION:

Staff is recommending that the Board of Directors approves Resolution 2024-06 Mandated Fire Inspection Compliance. Staff also asks that any Board of Director make a motion to approve Resolution 2024-06 as presented.
